TEXAS PROJECTS WELL CARED FOR IN ANNUAL BILL

MISSISSIPPI RIVER AND TRIBUTARIES RECEIVE GREATER AMOUNT OF AID

By Associated Press.

Washington, Dec. 5.—A limit of \$66,886,310 was placed today by the Army Engineers on the amount which could be profitably expended on the ordinary development and maintenance of the nation's waterways during the year beginning next July 1, exclusive of any special appropriation that may be made for flood control.

At the same time Major General Edgar Jadwin, chief of engineers, disclosed that at the beginning of the current fiscal year, July 1, 1927, there was an unexpended balance on hand of \$66,875,949 which had been made available for improvements and maintenance of rivers and harbors.

The total of \$66,886,310 recommended for next year does not include the \$10,000,000 which is allotted each year for the Mississippi river commission but it does include an item of \$2,000,000 which would be used for various general surveys as a part of a continuing program of research work into the ultimate possibilities of waterway resources which last year carried a column of debts amounting to \$1,091,032,305.

The report showed that seacoast harbors and channels would require \$16,061,000 for improvement and \$1,128,460 for maintenance for the fiscal year beginning next July. Lake harbors and channels would require \$3,299,500 for improvements and \$1,761,500 for maintenance and internal waterways \$17,991,030 for improvement and \$3,644,820 for maintenance.

Mississippi River Most

The Mississippi River and its tributaries were given as usual the largest single allotments. The Mississippi itself in addition to the \$10,000,000 allotted the Mississippi river commission for expenditure on the lower river would receive \$2,500,000 for the upper reaches from the mouth of the Missouri to Minneapolis, and \$2,500,000 for use between the mouth of the Missouri and the mouth of the Ohio.

The allotment for the Ohio river was fixed at \$4,500,000. The Mississippi river was allotted \$2,000,000 from Kansas City to the mouth, with lesser allotments for the upper river. Hudson river, New York, would receive \$2,300,000; East river, New York, \$1,775,000; Delaware river from Philadelphia to the sea \$2,750,000; St. Mary's river in Michigan \$1,542,000 and Allegheny river, in Pennsylvania and West Virginia, \$1,253,000.

The engineers' recommendations called for expenditure of \$1,055,750 on the intercoastal waterway between Beaufort and the Cape Fear river in North Carolina and \$1,476,000 on the Sabine-Neches waterway in Texas. The larger allotments for harbor work included \$1,415,000 for Jamaica Bay, New York and \$1,042,400 for Biscayne Bay at Miami, Florida.

For seacoast harbors and channels the Galveston or Texas District received the following allotments:

Sabine-Neches Waterway \$1,476,000, Galveston Bay \$229,500, Galveston Channel \$887,500, Texas City Channel \$247,000, Port Bolivar Channel \$20,700, Houston Ship Channel \$684,000, Freeport Harbor \$72,500, Channel from Arkansas Pass to Corpus Christi \$304,600, Port Aransas \$166,100, Brazos Island Harbor \$41,000.

For inland waterways the Galveston or Texas district received the following allotments:

Galveston District: Johnsons Bayou \$7,000, Louisiana-Texas Intercoastal Waterway, Sabine River-Corpus Christi section, \$584,100; Double Bayou, \$14,500, Anahuac Channel \$22,000, Trinity River \$24,800, Clear Creek \$7,500, Red River below Fulton, Ark., \$50,000.

Sabine-Neches Harbor Work Be Completed

By Associated Press.

Washington, Dec. 5.—Major elements of the Sabine-Neches harbor development will be brought to completion under the contemplated program of the Army engineer corps for expending \$1,055,750 on work during the next fiscal year.

In a report informing Congress that this sum could be spent to advantage during the next twelve months, the chief of engineers said additional money would go into completion of Sabine Pass jetty channel, Sabine Pass-Port Arthur canal and Sabine-Neches canal, including the dredging of two passing places. In the last named waterway. Also to be included in the program of the Sabine Pass west jetty.

The jetty work at Sabine Pass is about 87 per cent complete, the report shows, and unexpected balances at the end of the fiscal year were being used to make necessary repairs of the 25,000 foot length of the east jetty. An element of next year's proposed work is a 2000 foot extension upstream of the Beaumont turning basin.

"Corsicana Has It."

NEW-BORN CONGRESS FACES LEGISLATIVE, POLITICAL TROUBLES

SENATE HAS VARE-SMITH FIGHT ON AND HOUSE HAS LEGISLATIVE JAM

By Associated Press.

Washington, Dec. 5.—A new session of Congress, born with every promise of a career of discord and political insurgency, opened today with a curtain raiser in which William S. Vare of Pennsylvania and Frank L. Smith of Illinois were denied, at least temporarily, the Senate seats to which they aspire.

When they presented themselves to take the oath of office, the two would-be Senators were stopped by a resolution presented by Senator Norris of Nebraska declaring them unfit to sit in the Senate because of the scandal surrounding their primary campaigns. It was agreed to postpone further action until tomorrow.

The Senate also put off until later the election of its secretary and other officers, around which another storm is threatening. A western Republican insurgent group of five, who want guarantees as to farm relief and other legislative subjects, still were deliberating this afternoon whether to bolt the Republican slate of Senate officers and turn a majority to the Democrats.

The Senate remained in session only 35 minutes, after Vice President Dawes had rapped his gavel at noon, and the leader will attempt through overnight conferences to smooth out some of their difficulties in private.

The House which had no similar troubles, lingered much longer, adjourning time out of its first day's session to re-elect Nicholas Longworth of Ohio to the speakership and perfect other details of its organization.

By Associated Press.

Washington, Dec. 5.—A new-born Congress opened its eyes at noon today on Capitol Hill, to look upon a world full of legislative and political tribulations.

Even the process of inducting new members into office at the opening session, usually a dull formality, is colored this time by a spectacular senate quarrel over the election contests from Pennsylvania and Illinois, which is to reach its real issue later.

The troubles at the House end of the Capitol were less painfully vivid, but they were no less real. At the very moment the opening gavel fell, members found themselves in the midst of a legislative jam, with upwards of 5,000 bills already on file. Among them was one appropriation measure and the \$236,000,000 tax reduction bill.

The Senate's immediate problems included also a threat of a Democratic-Republican independent coalition designed to upset the bare Republican majority of one, and deliver over the Senate secretaryship and many minor posts to Democrats.

In the House there was no organization problem. With an overwhelming Republican majority behind him, Speaker Nicholas Longworth's re-election as presiding officer was only a formality.

Both Senate and House gave the day over to the opening ceremonies, which were witnessed as usual by crowded galleries. President Coolidge's annual message will go in tomorrow or Wednesday, formally opening up the legislative squabble that is expected to last well into next summer.

Would Deny Seats To Two Senators

By Associated Press.

Washington, Dec. 5.—The right of Frank L. Smith of Illinois and William S. Vare of Pennsylvania to sit in the Senate was challenged today when they presented themselves to take the oath of office.

Resolutions were presented by Senator Norris, Republican, Nebraska, under which the two would be denied Senatorial places, forthwith, and without further hearing. The resolutions set forth various matters relating to the contributions to the expenditures in the primary campaigns of Vare and Smith, as disclosed before the Senate Campaign Funds Committee.

Senator Curtis, then asked unanimous consent that the Smith and Vare cases go over "without prejudice" until tomorrow, and that was agreed to.

The Norris resolution as to Smith set forth the campaign funds committee of the Senate had reported there was expended on behalf of Smith's candidacy some \$458,720 including \$263,000 contributed "by officers of large public service institutions in the state of Illinois."

The Norris resolution as to Vare said the campaign funds committee had reported that "there were numerous and various instances of fraud and corruption in the behalf of the candidacy of William S. Vare" and that "Vare and his friends spent more than \$785,000." It was added that Vare had "in no

manner controverted the truth of the foregoing facts."

Fight to be Made On Pennsylvanian

Washington, Dec. 5.—James M. Beck was seated in the House today as a Republican representative from Pennsylvania over the protest of Democratic members, who contended he was not a legal resident of the district from which he was elected last month.

By Associated Press.

Washington, Dec. 5.—Investigation of the eligibility of James M. Beck, Republican, to hold a seat in the House as a Representative from the First Pennsylvania District was ordered today by the House, after a move to prevent him from taking the oath had failed.

A motion to refer Beck's case to an elections committee was adopted. It was offered by Representative Garrett, the Democratic leader, who argued that Beck was not a citizen of Pennsylvania at the time of his election.

committee immediately began efforts to find out the exact time of Santa's arrival so that all children might be on hand and give him a reception.

At the meeting of the committee Monday morning, it was also decided to have a big Christmas tree in the downtown business district. G. W. Brillhart was named as the head of the committee to secure the tree. E. N. Drane, president of the Corsicana Power and Light Company, offered to furnish the lighting effects for the tree, and the offer was accepted by the committee. The lights will be installed on the tree under the supervision of J. S. Roth, and the tree will be brilliantly lighted each night until Christmas. It is expected to be in place by the time Santa arrives on Saturday. The exact location of the tree has not been decided.

Chairman Clyde Foster made an appeal to the citizens of Corsicana Monday to make 1927 an electric Christmas, urging the use of Christmas lights in the doorway and where possible to have decorated trees in the yards. He called the many compliments received by home owners on West Seventh avenue and in the Mills Addition, who last year placed beautifully decorated and lighted trees in their yards and kept them lighted until late at night.

Several movements are being taken up by the service clubs of Corsicana in connection with the annual Christmas celebrations, and announcements are expected from them during the week. Another meeting of the Santa Claus committee will be held at the Chamber of Commerce Tuesday morning at 10:30 and further announcements will be made concerning the Christmas program in Tuesday's Daily Sun.

Elks Hill Lease Upheld

By Associated Press.
Washington, Dec. 5.—The action of Albert B. Fall, former secretary of the interior in sustaining the title of the Standard Oil Company of California to a portion of the Elk Hills reserve in Southern California, under a grant from the State of California, was upheld today by the District of Columbia Court of Appeals.

Santa Claus Letters

(Again as Christmas time draws near the Sun and Semi-Weekly Light will publish letters to Santa Claus from the little folk of town and county. This column is for the little folk alone and those older persons who have in past years attempted and sometimes succeeded in using it as a vehicle for jokes on their friends are asked to refrain this year from these efforts. Let this column be for the little children whose faith in Santa Claus and humanity is still unshaken, please.)

Dear Santa Claus—How are you? I am alright. Santa, I want you to bring me a little doll that has blond curls and that can talk, if you can. Bring a house that I can get in, and bring everything that belongs to it. And I want a little car and a garage to put it in, and bring me a little dresser too. Don't forget to bring everything that I ordered, and to bring me a little fur, and to bring Mayme a pretty big fur. Santa Claus, dear, don't forget to bring everything that I ordered.—Hazel Louise Slate.

McCamey, Texas, Dec. 26, 1927. Dear Santa—I am a little boy, 7 years old. This is my first year in school. I want you to bring me a steam shovel, little truck with a dump bed, a coaster wagon, a bus

car, tool chest and blackboard, a football, candy, fruit and nuts. I live in McCamey now but may not be here Christmas, though mother says you always know where to find little boys and girls. Lots of love.—Clay Plaker, Jr.

Streetman, Texas, Nov. 13, 1927. Dear Santa Claus—I want you to bring me a cowboy suit, a target a basketball, lots of Roman candles, candy and nuts, and a steel wagon.—Mc J. McCoy.

Corsicana, Tex., Nov. 30, 1927. Dear Old Santa—We are two little boys. My name is Glenn Wesley. I am four years old. I want you to bring me a tricycle with rubber tires and a red chair. My little brother's name is Billy Jo.

He wants a new kiddy car and a red chair, too, all kinds of fruit nuts and candies and fireworks, and anything else you wish to bring. We have tried to be good. Please remember all little boys and girls. Much love. Your little friends—Glenn Wesley and Billy Jo Talley.

Corsicana, Texas, Dec. 4.—Dear Santa Claus—I am seven years old. I am in the High First. Please bring me a football, boys' football pants. Please bring sister a tennis racket and a basketball. Santa bring a helmet too, some nuts, candy and fireworks. Don't forget mother and daddy. Your friend, Dan Story, 702 South Fifteenth St.

Corsicana, Texas. Dear Old Santa—I am 8 years old and I go to school. I want a blackboard that sets up, a box of crayon and I want all kinds of fruits and fireworks. Your little friend, Mary Bonnie Gordon.

Corsicana, Texas, Dec. 3, 1927. Dear Santa—I am a little girl four years old, my birthday was the first day of December. I am a very good little girl, and I hope you don't forget the little orphans. Santa, I want a doll, a wagon, kity car, tricycle and some fruit. Don't forget Aunt Frances, Uncle George and Little George Edmonds, Jr.—Your friend, Peggie Gordon.

Corsicana, Texas. Dear Santa—I am a little boy, seven years of age. I am in the High First. Santa will you please bring me a football, and a little tent, a toy knife and a watch and fireworks, fruits and nuts. Please don't forget to bring my teacher Miss Su a box of handkerchiefs.—Your little friend Joe Humphries, 1443 West 5th Avenue.

Corsicana, Texas, Dec. 1, 1927. Dear Santa Claus—How are you getting along? I am just fine. I want you to bring me a cowboy suit pistol, blackboard, story-books, football, fireworks, nuts, fruit, candy and a little bicycle.—Willis Allmon, Jr.

Dear Santa Claus—How are you? I am alright. Santa, I want you to bring me a pair of gloves. If you can, bring me a little cedar chest and a little fur and a little desk, and I'll bring the things I ordered, and Santa, I am nine years old, and my name is Marie Beauchamp, and I live at Corsicana, Texas.

Corsicana, Texas. Dear Santa Claus—I am a little girl six years old. Please bring me a little piano, purse, pair of hose, slippers. Don't forget my daddy and mother. And I want some fruits and candies.—Pauline Gordon.

Dear Santa Claus—For Christmas I want a big, pretty doll and a little table and chair to match, and a little trunk to put my doll clothes in, and a box of candy, and anything else you want to give me. Santa I am a little girl, two years old. My name is Helen Beauchamp and I live in Corsicana, Texas.

Corsicana, Texas, Dec. 3, 1927. Dear Santa—I am a little girl, five years old. Santa, will you please bring me a doll and buggy, and a doll trunk, and a pair of skates. Please bring me some house slippers. Don't forget to bring me some fireworks and fruit.—Marie Humphries, 1443 West Fifth Avenue.

Corsicana, Texas, Dec. 2, 1927. Dear Santa—I am a little girl, 9 years old. I am in the Low Fourth Grade. Will you please bring me some doll furniture and some doll clothes for my doll. Bring me a ring and lots of fireworks.—Gertrude Humphries, 1443 West Fifth Avenue.

Dear Santa Claus—I am a little girl, seven years old. I am happy because Christmas will soon be here and you will be coming with all your pretty things for good children. Please bring me a ring, a little peddle car and a top on it. I want a pretty sleepy doll, too. Fruits, nuts and candy. Lots of love to you—Judith Polk, 725 N. Twenty-Third street.

P. S.—Don't forget my sister, Josephine.

Dear Santa Claus—As it is nearing time for you Old Santa, I am going to tell you what brother and I want. Santa please bring me a car and fireworks and little brother a tricycle. This being all, will close.—Junior and James Hart.

1204 W. 11th Ave., Corsicana, Tex. Dear Santa Claus—I have been a good girl. I am in the fourth. I want you to bring me a wrist watch that keeps time and a pair of house shoes and all kinds of fruit and some fire works. That's all. Yours truly, Juanita Hart.

903 S. 17th St., Corsicana, Texas. Dear Santa Claus—I have been a good girl. I am in the high third. I want you to bring me a wrist watch that keeps time and two new dresses and a pair of house shoes and all kinds of fruits and some nuts and some fire works. Yours lovingly, Fannie Massey.

Dear Santa Claus—I am a girl nine years old.—I want a little machine, a little Victrola and a tiny by-lou baby doll. And a pair of skates. I also want some fruit and nuts and fireworks. Yours very truly, Maxine Barnaby.

Read the Sun—get all the news.

CENTRAL STATE BANK CORSICANA, TEXAS

RICE DISTRICT VOTES GOOD ROADS BONDS SATURDAY WILL JOIN CONSOLIDATED ROAD DISTRICT NO. 1 AND RUN NORTH

Road District No. 12 voters Saturday voted overwhelmingly for the issuance of bonds in the sum of \$30,000 for improvement of the road from Saunders Stop, south of Rice to the Ellis-Navarro county line, a distance of approximately three miles, according to information received here Monday morning. Road District No. 12 begins on the south at the northern boundary line of Consolidated Road District No. 1, which recently voted bonds in the sum of \$2,500,000 for good roads and extends north to the Ellis county line. According to the information received here, there were 250 voters cast in the election, 216 for the issuance of the bonds and 34 against the issuance of the bonds. The returns of the election will be canvassed by the Navarro county commissioners' court at its regular meeting next Monday morning.

YOUNG CORSICANA COUPLE MARRIED IN DALLAS SATURDAY

News was received in Corsicana Sunday of the marriage of Hal Jones, son of Dr. and Mrs. J. A. Jones, and Miss Mary Fountain, daughter of Dr. and Mrs. W. D. Fountain, the ceremony taking place in Dallas Saturday. The couple arrived in Corsicana Sunday for a few days before going to Hillsboro where they will make their home while the groom continues his work in the Hillsboro Junior College. The bride has been attending Southern Methodist University.

"Corsicana Has It."

FORMER UNIVERSITY STUDENT WILL PLEAD INSANITY AT TIME

By Associated Press. La Grange, Texas, Dec. 6.—A defense attempt to disqualify District Attorney Fred Blundell as prosecutor in the trial of Mrs. Rebecca Bradley Rogers on a robbery by fire arms charge, by an attack on the Texas fee system in line with the Supreme Court decision in an Ohio case, failed here today and examination of jury veniremen was to begin when court convened at 2 o'clock this afternoon.

Court was recessed after District Judge M. C. Jeffery overruled the defense motion to quash the indictment against Mrs. Rogers. The court held that the motion should have been filed, if at all, at San Marcos, after it had proved impossible to select a jury in a previous trial on the same charge and after which the case was sent to La Grange on a change of venue.

Mr. Blundell took the stand to testify on the motion under which the defense alleged that the indictment of Mrs. Rogers was illegal because the district attorney received \$30 a day as prosecutor of an indictment returned by a grand jury to which he was an advisor and counsel.

The motion alleged that Blundell was placed in the position of "a judicial or quasi-judicial" officer before the grand jury opened "coming under the inhibitions under the Ohio case."

Several wrangles between Mr. Blundell and defense counsel, C. W. Wright, San Angelo, drew laughter from the spectators and a stern call to order from the court.

Mr. Wright declared that the defense was not charging "that Mr. Blundell had Mrs. Rogers indicted so he could make more money," but was attacking the "fee system Texas ought to be rid of."

Blundell charged the motion was an attack upon him personally and called the Woods, foreman of the grand jury which indicted Mrs. Rogers, to the stand to tell how the indictment was returned.

law on robbery by fire arms. The prosecutor testified he already had served the maximum 175 days yearly for which prosecutors are paid under the new Texas law and that he would not profit further by the Rogers trial.

MAN IS CHARGED WITH AUTO THEFT AFTER CAPTURE

A white man is held in the Navarro county jail charged by complaint with auto theft in connection with the finding of an auto in Emhouse Saturday night by Night-watchman Mit Westbrook. The automobile is thought to have been stolen out of Dallas.

Local officers stated Monday afternoon that three men were in the

automobile at Emhouse and the Emhouse officer got suspicious of the trio and gave chase. The driver of the car sped away and in turning a corner, the car was wrecked and two of the men escaped, one being arrested.

It is alleged that a store was robbed in Wortham and some jewelry was reported found when the arrest of Burleson was made.

A formal complaint for auto theft was filed Monday before Sam B. Jordan, justice of the peace. The man alleges that the two men who escaped were from Dallas and avers they brought the car here. The man was reported to have been slightly dazed by the impact when the auto was wrecked and could not make his escape with his two companions.

IMMEDIATE URGENT DEFICIENCY FUND OF \$7,000,000 ASKED

SECRETARY WAR SAYS THIS
SUM NEEDED COMPLETE
REBUILDING LEVEES

By Associated Press.
Washington, Dec. 5.—An immediate urgent deficiency appropriation of \$7,000,000 to cover flood emergency expenditures in the Mississippi Valley was urged today by Secretary Davis of the War Department in his annual report to President Coolidge.

That sum the Secretary said, was needed to replace \$2,000,000 borrowed from the unallotted portion of the general river and harbor appropriation to complete closing crevasses in the levees and also to restore \$5,000,000 in the Mississippi special fund laid out in unexpected ways in the fight with the floods.

The \$7,000,000 deficiency measure would leave the War Department with this \$5,000,000 available for continuing essential construction work along the river, the report said, "until a new policy may have been considered and adopted," with relation to flood control.

Disclosure that the \$2,000,000 in unallotted river and harbor funds was diverted to levee repair work recalls that the War Department was informed by the controller general at the time this was proposed that there was no legal authority for such a transfer. Secretary Davis said that it was decided to make the allotment for use "on navigation features" of the Mississippi River Commission's work, such as dredging and bank reversion, but he makes no mention of the correspondence with the controller general.

The War Secretary discusses the flood situation along the Mississippi at considerable length, but since his report was prepared before the administration project for control of flood waters was matured, it shed no new light on that problem. Considerable space was also devoted to the inland Waterways Corporation, the Philippine Islands and other civil aspects of the War Department, but the military side of its work was mentioned only briefly, being left to the report of Major General Summerall, chief of staff.

Army Needs Summarized
For the army itself, Secretary Davis said, the major need was a continued stabilization of policy as to strength, organization and location.

"The insufficiency of our provision for the building up and maintenance of the authorized reserve of material for two field armies of 1,000,000 men is a matter of deep concern to this department," he said. "Stagnation in promotion and inadequacy of housing also remain as important questions for solution."

"However, in my opinion, the all important present need of the War Department so far as its military activities are concerned, is a continued stabilization of policy. The effectiveness of the army, the morale of the personnel and the proficiency of its units for many years after the world war suffered from uncertainties as to strength, organization and location. Under such condition progress could not be otherwise than slow and somewhat unsatisfactory."

In noting the death of Major General Leonard Wood, Governor General of the Philippines, Secretary Davis said that never in their history had the government of the islands been "in so satisfactory and promising condition" as today.

"The Philippines of today," he added, "are General Wood's most fitting monument. As we review the recent progress, we must ever retain a mental image of the personality, the partism and the untiring zeal of the great administrator. Without such background we can not expect to grasp intelligently the full significance of the gradual but sure development of a great people."

Philippines Prosperous
"Never have the people of the islands been more prosperous. Never has the outlook for the future been more bright. This happy situation is the result of the policies pursued by the United States in its governance of the Philippines, reinforced and maintained by a sterling administration of the islands during the past six years."

Mr. Davis rehearsed at length the statistics showing development of commerce and transportation through the Mississippi-Warrior barge services and said the time was at hand for a declaration by Congress as to the future of the Inland Waterways Corporation but made no recommendation as to what government policy should be. Instead, the War Secretary outlines six possible methods of meeting the demand for greater service, as at present, with gradual increase of equipment out of earnings, to large increase of capitalization and wide expansion of service, included in the suggestions of possible policies was sale to a "semi-public group of citizens" under proper safeguards and in accordance with the original intention, but Secretary Davis did not commit himself to any of the suggestions he makes.

AMERICAN PEOPLE— CHALLENGE TO ALL NATIONS OF WORLD

SECRETARY OF LABOR CALLS
FOR MAINTENANCE OF HIGH
WAGES AND WELFARE

By Associated Press.
Washington, Dec. 5.—In prosperity and happiness the American people so stand as to be the subject of admiration and envy the world over," Secretary Davis declared today in the annual report of the Labor Department. He called for maintenance of high wages and welfare, for control of immigration, and for modification of anti-trust laws to allow the condition he described to be maintained.

"While we take into account the splendid life of plenty and peace we enjoy," the Labor Secretary said, "we must not suppose that all is perfect with us. The distribution of our national wealth is good, but it is not perfect."

"No matter on what plea or excuse, reduction of wages is bad business and worse economics. It tries or employed who seek to time has passed when any industry break down wage scales will be looked upon by the community as shrewd or clever in industry x x x."

It is the mutual willingness of the worker to produce and the employer to pay for production that accounts in large measure for our present prosperity. It has crowded the home market with millions of ready consumers and buyers. It has stocked that market with an infinite variety of goods for improving their standard of living.

Mr. Davis declared that the "simple secret of the national prosperity" in the maintenance of high production and high wages had resulted in cessation of strike activity, and predicted that this condition would continue.

Harmony Prevailing
"Never before in the history of American industry has the country witnessed such a degree of general harmony between workers and employer," he said. "This attitude of mutual respect, good will and partnership is growing in the country."

The Labor Department head mentioned the bituminous coal mining industry "as an industry that lags behind others in living up to American standards of organization and ing on protracted strikes in coal production, and suggested that one way out of that industry's difficulties might be the alleviation of anti-trust law pressure against business consolidation."

"I have observed not a few situations in which it seemed to me that consolidation or combination in the field of industry would be of much benefit to the general public," he said, after citing the coal industry. "Perhaps a series of corporations with combined selling agencies

REVIVAL MEETING CHURCH OF CHRIST CLOSED SUNDAY

ONE MOST SUCCESSFUL EVER
HELD BY CHURCH CON-
DUCTED BY PASTOR

The revival meeting which had been in progress at the Church of Christ three weeks, closed Sunday night. The meeting was the most successful one held at that church in a number of years and there were 77 additions to the church, some by confession, others by statement and by letter.

Rev. J. L. Hines, pastor, did the preaching and the song service would aid in solving the problems of coal mining. Such organization of mining, and that alone, will stabilize production, eliminate the wastes of over-production, and make employment and wages continuous.

While supporting several recommendations for improving operation of the immigrant law, the Secretary asserted that present American restrictions give the alien "more rights, more sympathetic consideration, more actual courtesy and safeguards than any other country in the world."

He included with his report the summaries of the activities of the various bureaus which make up the Labor Department.

Consolidation

By consolidating our two stores at our greenhouse location, 620 North 15th Street, we are able to give you better service, having all our flowers, shrubbery, pot plants, trees, etc., at one location. This will place all our forces at this one location, enabling us to give you prompt service. Closing our downtown store enables us to cut down our overhead expense and we pass this saving over to you when you purchase at our greenhouse. Our past weeks business has been one of the best and we want to take this means of thanking you for making it so.

WORTHAM BULLDOGS ENTERTAINED FOR SEASON'S RECORD

Special to the Sun:
Wortham, Texas, Dec. 5.—As a climax to the successful playing of the Bulldogs during the season just closed the Wortham High team was entertained Friday evening by the local pep squad at the residence of Mrs. J. S. Newell. The Bulldogs were received under a canopy of blue and white, the school colors, with relics of their recent battle fields all about them.

The dining table was a miniature football field with a centerpiece of players in position for the kick-off. The refreshments served as a reminder to the Bulldogs of that "vacant spot" so familiar to the players just before a game.

The amusements of the evening gave no time for memories of hard luck days were all reminiscent of the various phases of the football game.

The girls for once had doffed their blue and white uniforms and had bedecked themselves in the most becoming shades of feminine apparel.

The shrieks and yells of the Pep Squad which urged the Bulldogs on to battle during the season just closed were subdued and the softer and gentler tones of voice prevailed. In the glamour of the evening the Bulldogs forgot their sprains and bruises and will long remember the coeds in blue and white who have had a part in the victories of the season.

Odd Fellow Cagers Defeated Barry Girls

The Odd Fellow girls basketball team defeated the Barry sextette here Saturday afternoon 21-18 in a hotly contested game.

The previous Saturday, the Odd Fellow Girls won over the Barry's chapel cagers by a score of 25-15.

Teams Urged to Enter Y. Basketball Meet Corsicana Dec. 16-17

All teams desiring to enter the Class B basketball tournament for Navarro county schools to be sponsored by the Corsicana Y. M. C. A. Dec. 16-17, are urged by William Smith, physical director to officially enter as soon as possible. He said Monday that there were probably six teams entered in the tournament.

Mr. Smith stated Monday that the last date for entering the tournament would be next Monday.

Considerable interest has been shown by the various teams of the county and this is expected to be an interesting tournament.

Available trophies have been provided for the winning teams and these trophies will be on display at the windows of the Holmes Jewelry Co.

BUSY WEEK COMES TO CLOSE DISTRICT COURT CORSICANA

With the trial of A. P. Bruton for automobile robbery, the criminal docket of the District Court was closed and during the remainder of the term this month, all cases will be tried.

This week has been an unusually busy week for Judge Hawkins.

Along with the trial of A. P. Bruton, C. C. Howe, and Dock Potter on indictments for robbery with firearms in connection with the robbery of the First State Bank of Richmond, Oct. 12, when \$3,905 were taken in a daring day-light holdup by three unmasked bandits.

Bruton and Dock Potter were also tried for auto theft in connection with the taking of the Studebaker automobile belonging to Harry Miller in which the trio are alleged to have traveled from Corsicana to Mexia prior to the robbery of the bank.

Sentences totalling 206 years were assessed by Judge Scarborough in these cases. The indictments were returned by the Navarro county grand jury, Nov. 21.

C. C. Howe refused to plead guilty to the robbery and was placed under \$5,000 bail for almost four days.

A. P. Bruton pleaded guilty to robbery with firearms Wednesday and was given 7 1/2 years. Friday he pleaded guilty to theft of the motor automobile and was given two years.

Friday morning Dock Potter entered a plea of guilty to robbery with firearms and the jury returned a verdict of guilty and assessed his punishment at 25 years in the penitentiary after the attorneys had agreed and recommended a 20-year sentence. Later he pleaded guilty to auto theft and was given five years. It is expected that the indictment for auto theft against C. C. Howe will be dismissed.

Grand jury officials notified local authorities to hold Bruton, Howe and Potter for them as they are scheduled to be tried in Limestone county on indictments for car theft in connection with the theft of the yellow Buick roadster belonging to Harry Miller, Jr., in which the trio are said to have made their escape into Oklahoma.

An Open Letter to All Users of Old-Style Kerosene Lamps, in Navarro County:

Mr. A. B. Hutson, of Roane, Texas, with whom many of the readers of the "Corsicana Light" are acquainted, and who has been so severely handicapped in his efforts to make something of himself, because he is handicapped with impaired vision, has recently been appointed authorized distributor of the well-known and justly famous kerosene mantle lamp—the Aladdin. And we who compose the Woman's Missionary Union of Roane take this method of endorsing openly and wholeheartedly this outstanding young man, with whom we all are very well acquainted. And on the strength of this endorsement sincerely hope that those of you who are interested in better light—and each and every one of you should be—will give Mr. Hutson the opportunity to call upon you and give you a demonstration of this wonderful light.

Some of you have undoubtedly already seen the Aladdin in operation and know what a beautiful light it really gives from ordinary kerosene—a fuel that is safe even in the hands of children. You know, too, that it requires no pumping, and that it burns perfectly quietly. You also know that it burns for 50 hours on a single gallon of kerosene, making it the very cheapest to operate of all lighting devices, and earning for it the name of the "Poor Man's Light Plant."

Our own State University at Austin has given it a very thorough test. Ask Mr. Hutson to show you their report. You will not wonder then why we are glad to see Mr. Hutson get this territory for its exclusive sale.

Those of you, however, who have never seen nor heard of the Aladdin before and know nothing about it, are the ones to whom this letter is addressed, and it is to you whom we ask to write to Mr. A. B. Hutson and extend to him an invitation to call at your home, in order that he can place an Aladdin with you and leave it with you for a few days, so that you can test it out, and see for yourself that it is not a so-called "agent" in the true sense of the word. He is one of our own boys whom we are trying to assist, and whom we know you will help when you see the condition his eyes are in, due to the fact that when, in his early youth, he did so much studying by the light of the old-style, flickering, yellow-flame lamp that he completely ruined his eyes. It is the same thing that unknown to you and unconsciously many of your children are doing today. And knowing his condition, and hearing of one or two others in this county, that have suffered similar handicaps in their lives, and because of that have really become public charges, we appeal to you people in this good county of ours to not only purchase an Aladdin because of the assistance you will render Mr. Hutson, but to place that Aladdin in your home where you too may enjoy it and benefit thereby the little ones whose eyes are so valuable and whose sight is perhaps the most valued of their five senses.

We are all users of the Aladdin and we are glad indeed to recommend it to rural homes. It gives a powerful white light from common kerosene (coal oil), easy and simple to operate, no pumping, no noise, and best of all, no danger. For your home's good and for the good of your school boys and girls, give the Aladdin a careful consideration.

Mr. Hutson's home address is Roane, Texas, and if you will write him there and tell him that you would like to see an Aladdin he will call upon you, place one in your home for a few days so that you can test it and then pay for it if you like it or return it to him without obligating you in the least if you don't.

Yours for better lighting homes in Navarro County,
(Signed) WOMAN'S MISSIONARY UNION.

Mrs. T. J. Hogan, Mrs. R. E. Bush, Mrs. J. W. Conner, Mrs. Clara Curry, Miss Letha Curry, Mrs. W. R. Curry, Mrs. A. V. Frazier, Mrs. W. P. Layfield, Mrs. L. E. McCullough, Mrs. S. A. Reagan.

P. S.—The Aladdin is sold on a money back guarantee. Mr. Hutson wants the people to feel perfectly safe in buying the Aladdin. He guarantees that if you do not like it, you can return it for a full refund of your money. He guarantees that if you do not like it, you can return it for a full refund of your money. He guarantees that if you do not like it, you can return it for a full refund of your money.

The Aladdin is a wonderful invention for rural homes. The Aladdin is a wonderful invention for rural homes. The Aladdin is a wonderful invention for rural homes.

If you want to know more about the Aladdin Lamp write Mr. A. B. Hutson, Roane, Texas, requesting him to send you his booklet concerning the Aladdin. He will be glad to furnish a copy free of charge.—W. M. U.

Considerable interest has been shown by the various teams of the county and this is expected to be an interesting tournament.

Available trophies have been provided for the winning teams and these trophies will be on display at the windows of the Holmes Jewelry Co.

DAWSON BECOMING INTERESTED IN BOND ISSUE FOR HIGHWAY

As is known, Purdon district has recently voted a road bond and will construct a concrete highway to Richmond creek on the west and connect with the Corsicana district highway on the east. If the Dawson precinct would vote bonds, it would give the people in this vicinity all weather road to Corsicana, as well as our needed lateral roads.

It is the opinion of those at the head of the Corsicana road improvements, that if Dawson precinct would vote a 9 foot concrete road through our precinct that the State and Federal Highway Commission would designate this as a cardinal highway, which means that the government would furnish additional funds to make it an 18 or 20 foot concrete road.

However, if this is done, the bonds will have to be voted in the near future, as the funds are being rapidly exhausted. A cardinal highway would mean a great deal to Dawson, to say nothing to the benefit from good lateral roads. What do you think about it?—Dawson Herald.

LOCKHART SCHOOL CHAMPION TO DATE IN RAT CAMPAIGN

MORE THAN SEVEN THOUSAND RATS REPORTED SLAIN IN EXTERMINATION DRIVE

The Lockhart School in the Tulepe community, with S. V. McCaskey as principal, was leading the schools in the Navarro County Rat Campaign on the basis of early returns Monday morning, with a total of 1035 rats killed. The Roane School, T. A. Lively, principal, with a total of 1010 rats, to their credit, was a close second.

The first general tabulation in the rat fall contest was made at the Chamber of Commerce Monday morning from early reports received by County Superintendent Andrew G. Steele, with fourteen schools reporting a total of 7014.

There are approximately fifty schools in the county which are entering vigorously into the campaign and reports from these are expected by next Saturday. The Navarro County Rat Control continues until December 17th.

The school children are competing for a number of prizes offered by merchants of Corsicana and in some instances supplemented by prizes given by their own community. There are three groups of prizes, one for the school making the best record or rat tails counted in proportion to the number of students enrolled, and separate prizes to boys and girls making the best showing.

Albert Young, Jr., is leading the individual list with a total of 436 killed which are being credited to the Oak Valley School. Albert has enlisted the effort of his entire neighborhood and is leading a vigorous campaign in his section.

Other high ranking boys who are showing strong competition on the basis of early returns are Joe Robinson, Lockhart school, with a total of 377; Holman Freeman, Eunice school, with 328; Ollie Mae Clinton is bringing additional honors to the Lockhart school with an early total of 270, while Lillian Phillips of Roane has brought in 112 in the first ten days of the campaign. A number of the girls are making an excellent showing.

Since the school prizes are given on a basis of enrollment as well as the number of rats killed every school in the county is given an equal chance at the grand school prize, which is a Victoria, given by the J. C. Work Mill Company.

The principal prize which is capturing the individual boy is a .22 calibre repeating rifle given by Cunningham Brothers for the Navarro county boy champion, and for the girls a portable talking machine given by the Southwestern Music Company.

Totals of schools included in the first tabulation are as follows: Phillips Chapel, 212; Lockhart, 1035; Corbett, 678; Black Hills, 633; Zions Rest, 377; White's Chapel, 569; State Home, 289; Foster, 121; Eunice, 328; Petty's Chapel, 459; Roane, 1010; Kerens, 248; Oak Valley, 438; and Retreat, 35.

The principals are urged to send in their rat tail clunts each week to County Superintendent Andrew G. Steele.

RULES GOVERNING POULTRY SHOW ARE GIVEN TO PUBLIC

PREMIUM LIST FOR ANNUAL EXHIBITION ANNOUNCED IN CATALOGUE

Rules and regulations that will govern the Navarro County Poultry Show and the prizes offered appear in the catalogue of the Navarro County Poultry Association which made its appearance Monday. The annual exhibit will be held December 15, 16 and 17, in the Lyman T. Davis building on the corner of East Third avenue and North Commerce street.

I. L. Bandy, member of the American Poultry Association, and an expert on all kinds of fowls, will be the judge of the show; and a number of bird fanciers have notified the officials that they will enter birds for honors.

The show is being sponsored by the Navarro County Poultry Association. Officers of the Association are Jack Megarity, president; H. B. Bomar, first vice president; J. M. Perry, second vice president; and Henry Gentry, secretary-treasurer.

General Rules and Regulations. 1. All entries and awards are subject to the general rules and regulations.

2. Birds will be accepted on the 14th and all exhibits must be in place by 8 o'clock Thursday morning, December 15.

3. No exhibit shall be moved before 9 a. m. Saturday, December 17.

4. Birds in pens will not be permitted to compete for singles, nor will birds in singles be permitted to compete for pen prizes.

5. Entry fees will be charged—25c for single birds and \$1 for pens.

6. There must be five or more entries in each individual class to receive first money. Where there are three and up to five entries, there will be second money and first honor. Less than three entries, honors and ribbons only.

7. Competition is open to the world.

8. All poultry shipped by express must be prepaid and letter sent advising when shipped so they will receive proper care.

9. Special Production Class: Old-flock shall consist of eight females. Young flock shall consist of eight females. Open to two separate classes, to-wit: egg breed, and utility breed. Premium—First prize, \$5; second prize, \$2.50; third, fourth and fifth prizes, ribbons only.

10. American Standard of Perfection. This show will be judged according to the rules set out in the Standard. (Note—There shall be no competition between the two divisions of the show.)

11. The terms "cockerel," "pullet," etc., are defined as follows: Cock—A male bird 12 months old or over.

Cockerel—Male bird under 12 months.

Hen—Female birds over 12 months old.

Pullet—Female bird under 12 months old.

Old Pen—One cock, four hens, same variety.

Young Pen—One cockerel, four pullets, same variety.

12. Nothing but standard bred poultry will be allowed to be entered.

13. Provision is made in the premium list for the entry of turkeys.

14. Twenty dollars is set aside for premiums for game fowls if sufficient entries are made.

15. All poultry entered will be carefully looked after by an attendant and fed and watered free.

16. All coons will be furnished by the association free.

Premium List. First Prize. Second. Cock \$1.50 \$1.00. Cockerel \$1.50 \$1.00. Pullet \$1.50 \$1.00. Hen \$1.50 \$1.00. Old Pen \$3.00 \$2.00. Young Pen \$3.00 \$2.00. Ribbons will be awarded for third, fourth and fifth prizes. This set of premiums will be given to each variety entered, except for game chickens and turkeys, which have special premiums.

Special Premiums. Best pullet in show \$3.00. Best hen in show \$3.00. Best cockerel in show \$3.00. Best cock in show \$3.00. Best pen in show \$5.00.

Turkey Premiums. First Prize Second. Old Tom \$3.00 \$1.50. Young Tom \$3.00 \$1.50. Old Hen \$3.00 \$1.50. Young hen \$3.00 \$1.50. Third, fourth and fifth prizes will be ribbons. The above schedule will be awarded to each breed.

Special Turkey Prize. For the best 170 of turkeys in the show a special prize of \$3.00 will be awarded.

Further information concerning the show can be obtained by writing or calling Jack Megarity, president of the Navarro County Poultry Association, or Henry Gentry, secretary-treasurer.

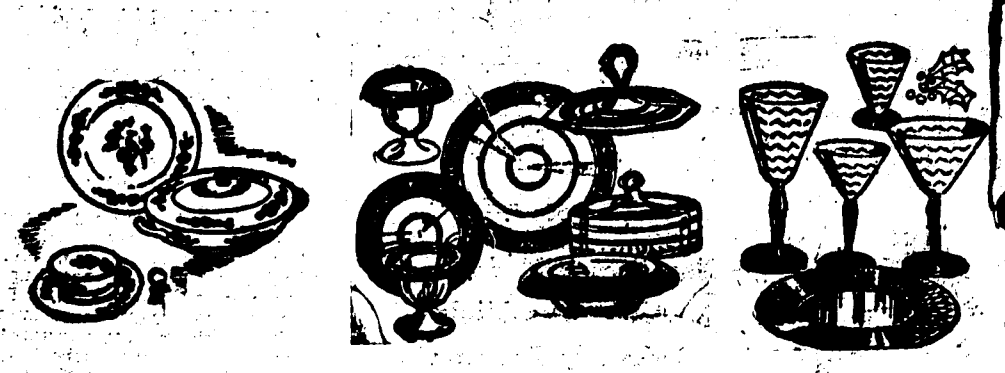

NOTICE. I am now located at the Elkhorn Garage, 1022 South 15th street, Corsicana, where I will be glad to service my many friends and customers when in need of automobile repair work of any kind. All work given my personal attention. J. D. HARWELL, Phone 720.

ODD FELLOWS NAME OFFICERS FOR YEAR THURSDAY EVENING

The following officers were elected for the ensuing term by the Corsicana Lodge No. 63, I. O. O. F., at the regular meeting Thursday night at 8 o'clock.

H. E. Smalling, noble grand; J. I. Ellett, vice grand; H. E. Taylor, secretary; E. A. Johnson, treasurer; J. A. Watt, representative to the grand lodge; W. H. Baldwin, alternate representative to the grand lodge; W. T. Parker, trustee; Messrs. Taylor, Parker and Johnson were re-elected.

The officers will be formally installed the first Thursday in January.

ONE HELD CHARGE PERJURY MADE BOND FRIDAY MORNING

Louie York, brother-in-law of C. C. Howe, who received 99 years Thursday afternoon in his trial for robbery with firearms for his alleged participation in the robbery of the First State Bank of Richmond, Oct. 12, was released on bond in the sum of \$1,000 Friday morning to await the action of the Navarro county grand jury. He was arrested along with Mrs. C. C. Howe, wife of the defendant, C. C. Howe; J. E. Howe, Jr., brother of the accused, and Jeff Ward, on formal complaints for perjury in connection with their testimony given during the trial when they testified in an effort to establish an alibi for the accused man. The four were arrested Wednesday afternoon at 3 o'clock soon after the conclusion of the testimony. The other three were still in the Navarro county jail Friday afternoon.

DAWSON BECOMING INTERESTED IN BOND ISSUE FOR HIGHWAY

As is known, Purdon district has recently voted a road bond and will construct a concrete highway to Richmond creek on the west and connect with the Corsicana district highway on the east. If the Dawson precinct would vote bonds, it would give the people in this vicinity all weather road to Corsicana, as well as our needed lateral roads.

It is the opinion of those at the head of the Corsicana road improvements, that if Dawson precinct would vote a 9 foot concrete road through our precinct that the State and Federal Highway Commission would designate this as a cardinal highway, which means that the government would furnish additional funds to make it an 18 or 20 foot concrete road.

However, if this is done, the bonds will have to be voted in the near future, as the funds are being rapidly exhausted. A cardinal highway would mean a great deal to Dawson, to say nothing to the benefit from good lateral roads. What do you think about it?—Dawson Herald.

CORSICANA SCHOOL HEADS PAY VISIT TO DALLAS CITY SCHOOLS

Dallas, Texas, Dec. 5.—Superintendent H. D. Fillers, of the Corsicana Board of Education, and W. H. Norwood, principal of the Corsicana High School, visited the Dallas schools administration building Saturday, spending some time in conference with E. B. Cauthorn, assistant superintendent. Mr. Cauthorn complimented the visitors on their school system which he says is one of the best in the State.

BURGLARS SMASHED WORTHAM JEWELRY STORE WINDOW

Special to the Sun. Wortham, Texas, Dec. 5.—Burglars smashed the plate glass window of the Seeley Drug Company sometime during Friday night and secured jewelry valued at \$125. The gas pump of the Central Filling Station was also pried open. The indications are that the same parties did both jobs. Local officers are at work on clues and one suspect is being held.

NOTICE TO WORLD WAR VETERANS AND RELATIVES

On January 7, next, the time will expire for World War Veterans to file application for Adjusted Service Certificates (commonly known as the "Bonus") which law was passed by Congress on May 19, 1924. If World War veterans died either before or since the enactment of said law without making application for this Adjusted Service Certificate, then the widow, children or dependent mother or father can make application therefor. It will be too late, however, to file this application after the first of next January, and I am anxious that all parties in my district entitled to the benefits of this Act may not be barred from making claim by reason of limitation. Write me at address below and I will send necessary blanks. LUTHER A. JOHNSON, House Office Building, Washington, D. C.

SUNDAY BUSY DAY AT FIRST METHODIST MANY ARE PRESENT

ANNOUNCEMENT OF IMPORTANT MEETINGS DURING WEEK ALSO MADE

Among the announcements made at the morning hour at the First Methodist church Sunday by the pastor, Rev. F. P. Culver, was the meeting of the Workers' Council Monday night in the Educational Building, starting promptly at 7 o'clock, at which time H. D. Fillers, superintendent of the Corsicana schools, will be the principal speaker, and all teachers, presidents of classes, officers and others interested in Sunday School work are expected to be present; the meeting Tuesday night of the Methodist Men's Luncheon Club at the same location, starting at 7 o'clock and the meeting Wednesday night at the same hour at which time a program of work for the coming year for the church and Sunday School will be discussed and worked out. This meeting Wednesday night will be held instead of the regular mid-week prayer services.

Following the morning services Sunday, the stewards of the church met in the women's parlor in the Educational Building, where they were served a lunch by the women of the church, after which each steward was given his list for the coming year and after receiving instructions on how to proceed, were divided into groups of two and made an every-member campaign in the afternoon at which time they secured pledges to the budget for the year.

At the morning hour the choir sang an anthem, Rev. Mr. Culver preached from the subject, "To Whom Shall We Go," and communion was observed. At the night hour the choir sang an anthem and Rev. Mr. Culver preached from the subject, "The Failure of Success."

All services Sunday were well attended. In the Sunday School there were 646 present. This compared with 624 last Sunday and 602 one year ago, shows an increase.

In the Weller Bible Class Beauford Jester taught the class. There was 45 present, compared with 56 last Sunday and 53 one year ago. S. W. Burdine, president of the class, presided. One new member was introduced. After a brief explanation by Rev. Mr. Culver, a special collection was taken in this class to help defray the expenses of Joe Patterson, religious director to the General Sunday School Conference to be held at Nashville, Dec. 12 to 16. Elbert Williams, chairman of the membership committee, stated that to definite date had been set for the home-coming Sunday for the class, at which time it is planned to have Prof. J. E. Blair teach the class, but said this date would be announced later.

In the Adult Department J. T. Newsom led the singing. Mrs. F. P. Culver presided at the piano in the absence of Mrs. T. P. McLendon and Rev. Mr. Culver had charge of the exercises. There was a total of 170 present in the Adult Department, compared with 183 last Sunday. W. L. Holman's class 6, compared with 6 last Sunday; Mother's Class 28, compared with 31 last Sunday; L. Treadwell's Class 23, compared with 21 last Sunday; J. L. Halbert's class 15, compared with 13 last Sunday; Christian Home Builders' Class 20, compared with 16 last Sunday; Mrs. Geo. T. Jester's Class 33, compared with 23 last Sunday. The figures were furnished by T. H. Benton, secretary of this department.

CHRISTMAS BORDER CREPE PAPER for store and party decorations.—City Book Store.

WOMAN'S PROGRAM FIRST CHRISTIAN GREAT SUCCESS

The annual Woman's Day program given at the First Christian church last night was a success from every angle. A large audience was on hand, filling the auditorium of the annex building to overflowing, many being seated in the extension room in folding chairs. The offering, which goes to the mission fields, was more than \$200, making the offerings for the day at all services \$358.89. The program as presented was a nautical depicting the handicaps Christianity is tied to. It was well acted, beautifully staged, with the lighting effects standing out in splendid harmony and pleasing beauty, and was received in respectful and silent appreciation by the large audience. A feature of the entertainment was the pantomiming of "Nearer, My God, to Thee," by Mrs. J. P. Jacks, the director of the choir. The song was sung by the choir while Mrs. Jacks in the glare of a spotlight, gave the pantomime. At the back of the stage was a white cross illumined by a special light. On one side of the cross sat "Christi-ty," represented by Miss Imogene Hampton, bound with heavy chains, while on the other sat the "Angel of Mercy," Miss Josephine Ramsey, and the "Recording Angel," Miss Grace Taylor. All were robed in pure white and the scene was indeed beautiful. It is reported that all services at the church were well attended yesterday. There were 302 in the Bible School and about 100 attended the Christian Endeavor meetings.

WRAY RICHARDS BAGS BIG BUCK WHILE ON HUNT

Wray Richards, Harry Smith, John Echols, John Storrie, all of Corsicana, and C. T. McDaniels of Dallas returned Monday morning from a hunt of several days in Mason county, where one giant buck of nineteen points was killed by Mr. Richards, and many squirrels and birds were bagged by the entire party. The big buck was brought here Monday morning and attracted much attention. Mr. Richards, who killed the deer, fired only one shot, from a distance of about 200 yards, bringing the big fellow down at once. Mr. Richards shot from his left shoulder.

Stop That Itching Use Blue Star Soap to cleanse the affected parts, then apply Blue Star Remedy. It penetrates the skin, kills out the germs, stops the itching at once, and restores most cases to a healthy condition. ADDITIONAL PRIZES OFFERED FOR TAILS OF RATS IN COUNTY

MUCH INTEREST AROUSED AMONG RURAL SCHOOLS OF NAVARRO COUNTY

Additional prizes have been offered in the Navarro County Rat campaign which has been underway for about the past two weeks, and will continue until December 17. The completed prize list includes both special and general prizes.

Considerable interest is being manifested in the campaign particularly among the rural schools, who are making strong bids for the prizes of play ground equipment that have been offered. Reports from the various schools in the contest were due in the county superintendent's office Saturday and a preliminary report on the campaign will probably be available Monday. A number of individual candidates for honors have qualified for the free theatre tickets and have secured them from the Chamber of Commerce.

Use of poison is increasing over the county and the poisoning will probably continue for several weeks after the intensive campaign is concluded on December 17. The list of prizes with the exception of those offered by the individual communities follows:

Group I. All schools of the county (except city schools of Corsicana and Orphan's Home).

First Prize—Victrola, given by the T. J. York Music Company.

Second Prize—Football, given by the Coulson Drug Company.

Third Prize—Basketball, given by P. & S. Pharmacy.

Fourth Prize—Spaulding Basketball, given by the City Book Store.

Group II. First Prize—22 Calibre repeating rifle, Cunningham Brothers.

Second Prize—Gene Tunney Sweater, given by Marks Brothers.

Third Prize—Fountain Pen, given by the McPherson Drug Company.

Fourth Prize—Rubber Boots, Big Four Shoe Store Company.

Fifth Prize—Boy Scout Axe, C. A. Tripp Hardware Company.

Sixth Prize—Pocket Knife, Tatum and Cunningham Hardware Co.

Group III. Individual girls.

First Prize—Musicphone portable talking machine, Southwestern Music Co.

Second Prize—Rain Coat, J. C. Penny Company.

Third Prize—Ingersoll Fountain Pen, Newton's Variety Store.

General Prizes. 100 admissions to Corsicana theatres.

10 annual subscriptions to Semi-Weekly Light.

Special Farmer Prizes. First Prize—100 pounds Purina Chowder, 100 pounds Purina Hen Chow.

100 pounds Purina Hen Chow. Second Prize—48 pounds Bewley's Best Flour, given by the Quality Feed & Flour Company.

NEW FORD CARS DISPLAYED HERE IN PICTURES FRIDAY

HUNDREDS OF PEOPLE VISIT
SALESROOMS OF BOYNTON
& CALKINS HERE

Hundreds of people thronged the salesrooms of Boynton and Calkins local Ford agents, Friday to see the detailed construction of the latest product on the automobile market. The crowds began gathering about seven o'clock in the morning and a steady procession of people moved through the rooms all during the day.

Large placards displayed the new Ford models in their new color schemes, and gave attractive ensemble views of the complete product. Charts were also on display showing the working of the new motor, with its new oiling and distributing system, new frame construction, four wheel brakes, Houdaille shock absorbers, new transverse springs, selective gear shift and many other features incorporated in the car.

The workings of the new motor were described by members of the mechanical force and H. L. Calkins, and a number of the radical changes made in the construction of low-priced cars were pointed out. Great admiration was expressed on all sides for the beauty of the new color of the new car, and for the completeness of the new Model T, which will replace the Model T, known the world over.

The car is equipped with wire wheels, each spoke being tested for 100 pounds, with thirty spokes to the wheel. A new tire has been developed for the car, a balloon of 30x3.5 dimensions. The wheel is practically the same as that used on a number of the late 1927 models and has a 21-inch diameter. One noticeable feature of the wheel and tire is the absence of extra rims, spokes, and lock rings usually found on low-priced cars. This makes these accessories unnecessary.

Measures with the pictures of the new car, a number of people plan to visit the Dallas assembly plant to see the new models on exhibit.

Models of the new car are expected for display in Corsicana a few days, probably by the first of next week.

Display and explanation of the new cars will continue in the Boynton and Calkins salesrooms until Friday, and a formal presentation of the new models is planned for that day.

Forty horse-power motor, capable of driving the car 65 miles per hour, four wheel brakes, standard shift and hydraulic shock absorbers are among the chief features of the new Ford car, to be displayed to the public for the first time, according to an announcement by the Ford Motor Company.

The new car, to be known as the "Model T," will be manufactured in the new plant at Dearborn, Mich., and will be the only model used being made or about to be made in the world in the soft roofing of the new car.

The colors are all of two-tone combinations in pyroxilin lacquer. There are four of these color combinations—Niagara blue, with a lighter blue in belt and reveals and a French gray stripe; dark Arabian blue, with light Arabian blue in belt and reveals and a French gray stripe; dark dawn blue, with light dawn blue in belt and reveals and a French gray stripe; and a French gray stripe.

The motor, designed by Henry Ford, is described as the most reliable engineering achievement of the new car.

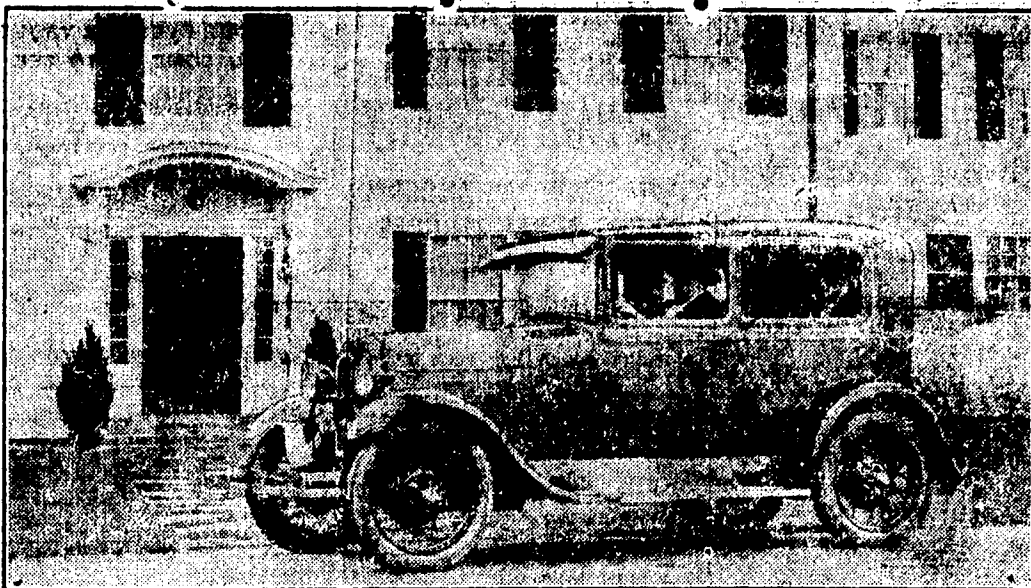

Although the bore of the engine is one-eighth of an inch larger than in its predecessor, the "Model T" engine, it develops 40 horse power at 2200 revolutions per minute, or 100 per cent more than the "Model T" engine, which reached its maximum of 20 horse power at 1200 revolutions per minute.

Many things, the announcement says, have contributed to this new power. It may be summarized by saying that it has been achieved by a combination of lightening, streamlining, and increasing the flow of air and fuel to the combustion chamber. Among these improvements are the induction system, the carburetor, the valves, the timing, a large valve dis-

Dear Fathers and Mothers:

On page 6 you will find a letter from the Woman's Missionary Union of Roane, Texas, which might be helpful to your home and school boys and girls. Don't neglect to read it because you may never have the privilege of reading another letter of the kind.

TWO MEMBERS NEW FORD FAMILY SHOWN FRIDAY

The new Ford Tudor Sedan is long, low and roomy, with graceful lines.

meter and slightly higher compression.

Lack of Vibration.
The announcement also emphasizes the smoothness of performance of the new motor and its lack of vibration. These factors, it says, also are due to the comparatively low rate of revolution per minute for the unusually high developed horsepower, the heavier and statically and dynamically balanced crankshaft and the lightness of the pistons and other reciprocating parts.

Despite the increased power and car speed which it develops, this new Ford Motor is still a low-speed medium compression motor. They have retained the low-speed factor to insure long-life and low cost of operation.

Strength and durability to give an extra margin of safety and dependability for the higher speed are notable features throughout the construction of the new Ford car. There is said to be more forged steel in this new Ford car than in any other automobile now being built.

The elimination of vibration and noise has been carried through the construction and assembly of all the chassis and body parts also. Many parts which heretofore have been bolted together are welded in the new Ford. This has eliminated many sources of noise when the car is in motion and given greater durability.

Larger balloon tires, heavier and better balanced springs and hydraulic shock absorbers have given the Model "A" Ford a remarkably smooth comfortable performance at all speeds and over all sorts of roads.

Production of the new car at the Ford plants here is rapidly gaining momentum and preparations are well under way for capacity production also at the thirty-three branch assembly plants throughout the United States.

Before Christmas, Ford officials say, 75,000 men will be at work in the Ford plants here. This number will be greatly increased, however, before a capacity production schedule is attained early in 1928.

The branch plants in this country and abroad are also taking on their full complements of men as rapidly as work for them develops and the coming year, in the opinion of Ford officials here will see the biggest payroll in the history of the Ford organization.

COURT HOUSE NEWS.

From Friday's Daily:
District Court.
Harvey Baggett pleaded guilty in the district court Friday afternoon to an indictment for forgery and asked for the suspended sentence. The jury returned a verdict of guilty and assessed a four-year term in the penitentiary, but stipulated that the sentence be suspended.

The regular jury for the week and the special venire were finally excused.

**TURKEY RAISERS
WARNED NOT HOLD
BIRDS TOO LATE**
By Associated Press.
Fort Worth, Texas, Dec. 2.—Texas turkey raisers today were warned against holding their flocks for higher prices, by John E. Collier, Jr., past president of the Texas Poultry and Egg Association, who declared the turkey raisers would find themselves in similar circumstances with the cotton farmer—a surplus on hand and prices low.

"The farmer who markets his turkeys early is the man who will

show a profit," Collier warns. "Texas will ship 700 carloads of turkeys North and East for the Christmas trade, but Texas must take into consideration the fact that the Northwest also will ship many turkeys to Northern and Eastern markets. This crop will be held off of the Thanksgiving market because the birds were not matured."

"To hold turkeys after Dec. 10 will mean they will not be marketed," Collier said.

Thanksgiving turkeys brought around 27c a pound on foot, and some dealers paid as high as 30c. But the last shipments were brought around 26c. It was not until Dec. 10 that the Christmas market was flooded late the prices will drop even lower.

ACHED ALL OVER

Was Suffering Dreadfully, Just "Wasting Away." Took Cardui, and Says It Helped Her.

Arlington, Texas.—A resident of this town for many years, Mrs. J. H. Jackson, says:

"I had suffered dreadfully with aching all over my body. At times my head would give me so much trouble I could hardly stand it. I had been in bed for weeks and I looked like I was just wasting away. I took 9 bottles of Cardui and my strength began to slowly return."

"Since that time I have used this medicine a good many times and I have always helped me."

At one time I took Cardui for several months regularly. I would be afflicted with sudden spells of dizziness when I could not stand on my feet. Everything would turn black before my eyes and I would feel as if I were going to faint. A time I would be quite nauseated. I turned at once to Cardui and took it till I was safely through."

Cardui is a mild, medicinal tonic made from purely vegetable ingredients. It has been in use for over 50 years, and in that time thousands of women have written that Cardui helped them back to good health.

**ELEVEN HUNDRED
BALES OF COTTON
BURNED LATE SUNDAY**

Special to the Sun.
Kerens, Texas, Dec. 5.—Fire of undetermined origin here Sunday night at 9 o'clock caused approximately \$100,000 damage when more than 1100 bales of cotton and a warehouse of the Kerens Warehouse Company were destroyed. The loss is partially covered by insurance.

Ed Immon is manager of the yard and warehouse.

One theory advanced here Monday morning was to the effect that it was probable that a bale of cotton fire was brought to the yard Saturday and did not break out until Sunday night.

A wind from the south kept an adjoining yard and warehouse of cotton from becoming ignited.

When discovered, the cotton was burning in a number of places and the fire department was unable to cope with the situation.

This is one of the largest fires in the history of Kerens.

THIRD RICHLAND BANK ROBBER PLEAD GUILTY TO CHARGE

ALSO PLEADS GUILTY TO
THEFT OF AUTOMOBILE
AND GIVEN FIVE YEARS

Dock Potter, aged 20, third and last man to be tried in the Thirtieth Judicial District Court for robbery with firearms in connection with the robbery of the First State Bank of Richland, Oct. 12 when \$3,905 were taken in a daylight holdup by three unmasked bandits, was found guilty by a jury today, court upon a plea of guilty Friday morning and his punishment was assessed at 25 years in the penitentiary.

The attorneys for the State and defense agreed to the jury that they had agreed on a verdict of 30 years and recommended that the jury give him that term of years. After considerable deliberation the jury returned a 25-year verdict. The accused youth was sentenced by Judge Hawkins Scarborough under the indeterminate act for not less than five nor more than 25 years.

The attorneys waived the examination of the prospective jurors and twelve men were selected by the court.

After the jury had been sworn in, Potter was arraigned by County Attorney J. J. Woods, who read the indictment to him. When questioned by the Court as to whether he was entering a plea of guilty, he answered in the affirmative. Then the indictment was read to the jury. The indictment was returned Nov. 21 and signed by John T. Portson, foreman of the grand jury.

Bank Men Testify.
H. J. Davis, cashier, and Grady Calame, assistant cashier, were the two witnesses called by the State. Mr. Davis and Mr. Calame testified that they were in the bank at the time of the robbery of the First State Bank of Richland, Oct. 12.

On the cross-examination of Mr. Davis by the defense attorney, Bill Kennedy of Groesbeck, Mr. Davis said that Howie was the first man to enter the bank and that he did not know who was the other man. On the cross-examination of Calame, it was brought out that Howie was the man who gave the orders. Calame said that he recognized Bruton. Neither of the witnesses could identify the third man, Potter.

Confession Read.
Potter's attorney, Woods, read the confession to have been made by Potter, which went into detail concerning the deal, telling when he, Howie and Bruton left Seminole, Okla., through Dallas, Corsicana, where a Studebaker car was stolen, to Mexico, where the Buick roadster was stolen, to Thornton, La. Salle, and other places in that section. The confession continued about the robbery of the Richland bank through Corsicana, to Ennis, to Trinity River bottom, where the money was hidden, to the fact that Bruton got an interview for Dallas, Howie and Potter going to Paris and into Oklahoma.

The statement continued and told of the fights and engagements with officers and others in Oklahoma and then the trip back to Dallas and to Fort Worth. The statement was signed in the presence of Sheriff McKenzie of Limestone county; Deputy Sheriff Rufus Pevehouse, Police Chief R. M. Mingo, Sheriff W. C. Wilburn, County Attorney L. J. Woods, and others.

The rule for the witnesses in the trial was not demanded and all were allowed in the court room.

The defense put on a number of witnesses who testified that Potter's reputation in Limestone county where he lived practically all of his life, was good and that of the family good. It was revealed that his mother died a number of years ago and he had been living with his various relatives.

Among the witnesses testifying were Mrs. Maggie Glass, Limestone county, sister of the accused; Mr. Fitzgerald, Limestone county clerk; Groesbeck; J. A. Eastly, Personville; Wiley Sims Personville, deputy sheriff, Limestone county. No questions were asked any of the defense witnesses.

The testimony showed that he had never been into trouble before.

In his argument to the jury, Mr. Woods spoke of the extreme youth of the boy and also the aid he was to the officers in the unraveling of the case. He said that the confession had been checked all of the way by investigation and it was found to be true. He said that he did not believe that he was a professional and recommended thirty years.

Attorney Kennedy said that the boy had gotten in bad company and had to pay for his deed, but he appealed for mercy for him.

C. T. Banks was foreman of the jury and after considerable deliberation, returned a verdict of guilty and stipulated that his punishment be 25 years in the State penitentiary.

Pleads Guilty Auto Theft.
Following his trial on the indictment for the bank robbery, he also entered a plea of guilty to the automobile theft in connection with the alleged theft of the Studebaker car belonging to Harry Miller. The car was abandoned in Mexico and later recovered. The prosecution was conducted by Assistant County Attorney Cleo G. Miller and Mr. Kennedy represented Potter. The jury returned a verdict of five years in this case.

The accused was sentenced by

Judge Scarborough in Both cases and then he was taken back to the county jail by the officers. He was not handcuffed as the other two men were when they were tried on indictments for the same offense.

Bruton Pleads
Guilty to Theft

A. P. Bruton, 21, entered a plea of guilty Friday afternoon in the Thirtieth Judicial District Court for auto theft in connection with the theft of the Studebaker car belonging to Harry Miller, which was later found abandoned in Mexico, and the jury returned a verdict of guilty and assessed his punishment at two years in the penitentiary. The indictment was returned Nov. 21. It was alleged that Bruton was arrested when Dock Potter stole this car a day or two before the robbery of the First State Bank of Richland, Oct. 12.

Bruton has a 75-year sentence hanging over him in this county on his plea of guilty Wednesday for the robbery of the Richland bank, and also has a death sentence in Limestone county for his participation in the robbery of the First State Bank of Tebbagana, Nov. 3.

Sentence was pronounced on the accused man by Hawkins Scarborough, judge, who said to the boy, who is just barely 21 years old that he ordinarily did not have anything to do with other courts but that he felt sorry for him and hoped that he would get a new trial in Limestone county where he received the death penalty and that if the death sentence was not set aside, he would write a letter to the Governor asking that he be commuted to a life sentence. He was not handcuffed Friday afternoon when brought in and taken out of the court room, as was the case Wednesday, due to the large crowds present.

Otto Bank Robber Given 25 Years

By Associated Press.
Marlin, Texas, Dec. 2.—Convicted of robbery with fire arms in connection with the holdup of the State Bank at Otto, Texas, on November 7, Henry Hawkins today was sentenced to 25 years in the penitentiary.

SPECIAL MEETING COMMISSIONERS IS HELD SATURDAY

At a special meeting of the commissioners' court held Saturday morning at 10 o'clock, routine matters were attended to. All members of the court with the exception of Commissioner Jack Megarity were present.

The application of Harris & White, Corsicana, to be designated as a test station, was granted.

A blanket order was entered by the court, authorizing the county tax assessor and tax collector to correct properties placed in wrong school and road districts.

A petition signed by 23 property owners was presented, asking the court to open up a road from Oliver Bridge to Wildcat Crossing on Trinity River, a distance of 1500 feet, and to have the same placed in the hands of the county engineers.

Several changes in the positions and personnel of the engineering staff working on the roads within Consolidated Road District No. 1 were made upon the recommendation of the county engineers, McClendon, Purnell.

It was stated that the work on the construction of the dump on the lateral road from the State Home to the Drane community was practically finished and was thought to be scheduled to be completed Saturday afternoon.

The dump was put up by the county with the machinery of Road District No. 1 under the supervision of Commissioner Jack Megarity. It is expected that the equipment will be transferred to the Corsicana-Chaffield sector within a few days for work on that road.

Commissioner Ben F. Guyne stated that he intended to do the work on the dump of the Chaffield road similarly to the way the Drane road was constructed.

W. W. McClendon, county engineer, stated that at the present time, there were three field engineering parties, one with five men and the other with three men working on the engineering part of the work in Consolidated Road District No. 1.

CLAIMED EVIDENCE OF BRIBE TAKING BEEN UNCOVERED

By Associated Press.
Chicago, Dec. 2.—The Herald Examiner today said "claiming evidence" of collusion between Chicago police officials and politicians and the operators of liquor and gambling resorts has been obtained by the United States government in the secret investigation during the last month.

The newspapers said it had been indicated that a number of indictments already have been prepared but were being withheld until the government's case is completed.

Government men have learned, the newspaper said, that saloons and gambling resorts have operated only upon payment of "protection money," which in some precincts went to "high ranking police officers."

NEW MODEL FORD TO BE SHOWN HERE EARLY NEXT WEEK

LOCAL SALES ROOMS CROWDED ALL DAY FRIDAY;
CAR POPULAR

A complete description of the new line of Ford automobiles was made public in Corsicana Friday. The local dealers announced that they expected to have one of the late models on exhibition here Wednesday and Thursday of next week at which time the general public is cordially invited to make a close inspection of this new car.

When the reception closed at 10 o'clock Friday night, it was estimated that 2,411 had visited the showrooms and learned the details of this revolutionary car which is to succeed the famous Model T Ford after more than nineteen years of leadership in the low price light car field.

Visitors to the show rooms Friday and Friday night included city officials, heads of civic, commercial and professional organizations and many prominent business men. The entire sales force of the local dealer was kept busy throughout the day and evening pointing out the new features of this new car which Henry Ford himself has described as being "superior in design and performance to any now available in the low price, light car field."

Even before the display rooms were opened at 7 o'clock, there was a line of visitors on hand to be the first to get the story of the new cars. On all sides were heard comments of surprise at the striking change in the appearance of this new Ford line. The new, low, rakish lines, the sitting new colors and the luxurious equipment of the new automobiles, made a marked impression upon the crowd of visitors.

Even more impressive to the visitors, however, were the details of performance as they were unfolded by attendants. Visitors were particularly struck with the speed pick-up and ease of handling the new cars and with the fact that they are equipped with four-wheel brakes, shock absorbers and standard gear shift transmission of the type used in cars in a much higher price class.

Attendees at the display rooms were overwhelmed with requests for private demonstrations of the new models and it is expected the demand for such demonstrations will continue for weeks to come.

Ford factories at Detroit and branch plants in other sections of the country are now preparing for capacity production and it is expected that all dealers will be able to place a new Ford in full within a few weeks.

The design of the new line is so distinctly different from that of the Model T that the Detroit factory and branch plants have had to undergo a complete equipment change to produce the new cars. It is expected, however, that the next few weeks will see all former Ford production records broken.

In the past, Henry Ford has placed parts for Model T Ford cars will continue to be an important part of the Ford business. It is estimated that there are still more than nine million Model T cars in operation and the policy of the Ford Motor Company, it is said, will be to continue supplying parts for these cars as long as there is any demand for them.

SENATOR MOSES IS ELECTED PRESIDENT PROTEMPORE SENATE

Washington, Dec. 2.—Sidestepping all controversial matters, Senate Republicans perfected their party organization today for the first session of the 70th Congress and unanimously nominated George Moses of New Hampshire to succeed himself as president pro-tempore.

Nominations for two other Senate offices, Secretary and Sergeant-at-Arms, went over until a further conference tomorrow while leaders are considering the proposals of Western Independents embodied in a program which deals not only with these offices, but with the farm relief question.

Only two of the Independents attended the conference, Nye of North Dakota and Norris of Nebraska. They have been spokesmen for the group in the meetings with old guard leaders but did not bring before the party leaders matters which pertained to these leaders yesterday.

Whether all of the Independents will go along with the regular organization of the vote Monday for the reorganization of the Senate itself depends largely upon what concessions the leaders make after they have considered the program of the Independents.

Because of the close division between Republicans and Democrats in the Senate, three or four of the Independents could upset the organization plans.

At the party conference, Charles Curtis of Kansas was re-elected conference chairman and Hiram Bingham of Utah, James E. Watson of Indiana, Charles McNary of Oregon, and assistant leader, and Frederick Hale of Maine, was selected as conference secretary in place of James E. Wadsworth of New York, who retired from the Senate last March.

Ford Will Not Attend.
Detroit, Dec. 5.—Will Henry Ford attend the Republican National Convention? No; neither that one nor any other. "I'm too fatigued," he couldn't sit still that long. "I'd have to get out and walk around."

AL SMITH FAVORS LAW ENFORCEMENT; TALKS TO WOMEN

REPEAL OF VOLSTEAD ACT
MAY BE ADVOCATED WITH
PROPRIETY, HE SAYS

By Associated Press.
Albany, N. Y., Dec. 3.—Gov. Smith's declaration that a State prohibition enforcement statute was not necessary was repudiated today by the New York State Legislature, which by an overwhelming vote, adopted a resolution calling for the enactment of a State enforcement law.

By Associated Press.
Albany, N. Y., Dec. 3.—Governor Smith sees no reason why any citizen or group of citizens should be condemned for expressing opposition to the Volstead amendment and the Volstead act. But he is for enforcement of the law and he resents the Volstead act notwithstanding repeal of the state enforcement act.

Breaking the silence which has characterized his attitude on matters of national importance since he has been prominently mentioned for the Democratic nomination for president the governor last night told the New York State League of Women Voters that he had not deviated in the slightest from his earlier opposition to the federal prohibition statutes.

In maintaining that opposition, he declared, he was not showing a lack of respect for the law, but was merely exercising the right of American citizens "to oppose any laws and any part of the constitution with which they are not in harmony."

Referring to the many times he had taken the oath to uphold the State Constitution he said: "These are parts of it that I hate, but I have promised to sustain it and I will sustain it."

Saying that he always endeavored to uphold the laws of the nation, even though in disagreement with them, the Governor told of his having called in 1923 a law enforcement conference of police officers to impress upon them President Coolidge's desire that their obligations be emphasized. Although the governors of the other states were not present, he defended law enforcement while at a conference with the President in Washington, Governor Smith said he found later that he was only one

CREDIT

The Soul of Honor

CREDIT is an acknowledgement of confidence in the honesty of mankind. In business transactions, credit is the means by which merchandise or service may be paid for at a future time. It enables the farmer to plant and harvest more extensively; it places the wholesaler in position to contract for vast stores of supplies; the retailer to stock in anticipation of his patrons' demands; the consumer to enjoy TODAY that which, without credit, would be beyond his immediate reach.

Credit, When Properly Employed, Is a Blessed Privilege

Approximately ninety per cent of the business of the entire country is done upon credit---or in other words, upon the confidence in humanity. No greater distinction can be acquired than a first class credit rating, either for an individual or a concern.

There is absolutely nothing wrong about credit. There is a great wrong about the misuse of credit. To purchase without consideration as to ability to pay ultimately means embarrassment. Unliquidated debts are barriers to the individual, the home and business, alike.

Credit must be confined to reasonable limitations. The wholesaler's limits of credit to the

retailer are confined invariably to thirty---and not to exceed sixty days. In fact, credit in almost all lines, as defined by wholesale and manufacturing interests, seldom exceeds these limits, except by some very special arrangement. Therefore, credit, extended by the retailer to the consumer beyond such limits is unreasonable.

The credit reputation, zealously maintained, means not only protection, but comfort as well, in time of need. To the end that the various phases of credit may be properly understood, a series of page editorials will appear upon this subject. The careful attention of all concerned is invited.

THEFTS NUMEROUS

SINCE ADVENT COLD WEATHER CORSICANA

The advent of colder weather in Corsicana seems to have brought an epidemic of thievery, in which overcoats and clothing play an important part.

A burglar entered the R. L. Reese home Friday night and got away with a pistol. Nothing else was missed. The intruder entered the house by using an ice pick to open a screen over a window. He was seen leaving the house by passing parties.

An overcoat and handbag was stolen from a car parked at the entrance to the Hardy-Pock building. The handbag contained other clothing.

Miss Alma Armstrong reported her purse stolen from her automobile, parked on the driveway at the hospital. The purse contained \$10, a check for \$5 and some small change.

Another party reported a tire, rim and tube stolen.

Some one stole a purse containing \$86 from B. J. Shaw, who rooms over the Collin Street Bakery, he reported.

REMUS WILL NOT

TAKE STAND DURING HIS MURDER TRIAL

ANGRY OVER STORY PUBLISHED IN NEW YORK NEWS-PAPER LAST WEEK

By Associated Press.

Cincinnati, Dec. 5.—George Remus, "broke," protesting upon the bounty of his friends and struggling to recover a portion of the millions obtained in the days when he was "king of bootleggers," was the witness, pictorially of him in his murder trial today by George Connors, called by the prosecution his "Lieutenant in chief."

Connors asserted that 500 shares of stock in the Pogue Distillery, once owned by Remus, are held by Franklin L. Dodge, Jr., former department of justice agent, who convicted Remus and sent him to the penitentiary and then, according to the defense, began an association with Mrs. Remus.

Most of the forenoon session was spent in an effort to trace Remus' ownership of distillery properties which were not mentioned when Connors was trying to help Remus and the woman he killed here last October 6, reach a settlement of their marital difficulties.

By Associated Press.

Cincinnati, O., Dec. 5.—George Remus, the former "king of bootleggers," served notice upon Judge Chester R. Shook at the renewal of his murder trial today that he would not testify in his own behalf.

Remus was addressing the court in connection with a motion he had made to investigate what he termed libellous statement in a news story sent to a New York newspaper last week.

Remus asked that the correspondent who filed the story be cited for contempt of court.

Remus asserted to Judge Shook that no statement the defendant had made since the beginning of the trial could be questioned.

"I now wish to apologize to the court and the prosecution for one promise I made, however," roared Remus in a voice which indicated he had thrown off the effects of a heavy cold.

"This defendant will not take the witness stand."

The Sick and Convalescent.

Cleo Odom, daughter of Mrs. M. L. Odom, is in the Corsicana Hospital and Clinic, suffering a severe wound on the right knee as a result of an automobile accident Saturday night about 9:30 o'clock near the First Christian church when the car in which she and several others were riding turned over when it collided with another car.

It was reported Monday that the right leg was almost severed. An eight-pound son was born to Mr. and Mrs. E. D. Hendon at the Corsicana Hospital and Clinic Sunday night. Both mother and babe are doing well.

H. M. Hall is in Corsicana Hospital and Clinic, suffering from injuries received Sunday night on the Corsicana-Kerens road when the car in which he, John Killingsworth and Will Jones, all of Kerens, went into a ditch when the driver tried to dodge a team about 9 o'clock. Mr. Hall received three fractures of the right shoulder. The other two occupants of the automobile received minor bruises and lacerations.

Mrs. George T. Adams underwent a major operation at the Corsicana Hospital and Clinic Saturday. She was reported resting well Monday.

Mrs. A. C. White was able to be moved to her home Monday afternoon.

Lawrence Griffin, who has been seriously ill at the Corsicana Hospital and Clinic for some time with an attack of appendicitis, was reported much improved Monday afternoon.

J. E. Steele, who has been very ill for three weeks at the Corsicana Hospital and Clinic, is able to sit up.

Mrs. Frances Hendon is improving after a major operation.

T. J. Powers, an employee of the McPherson Oil Company, Fort Worth, was discharged from the Corsicana Hospital and Clinic Saturday. He had been in the hospital for some time with injuries received in an accident.

Word was received early Monday morning from Mrs. J. C. Conner and her sister, Mrs. Mamie Teach, that their mother, Mrs. A. R. Leach, would undergo an operation Monday at Gainesville. Mrs. Conner and Miss Leach have been with their mother several days.

ANOTHER RELEASED

ON BAIL IN ALLEGED PERJURY CHARGES

J. E. Howe, Jr., brother of C. C. Howe, given 99 years in the State penitentiary Thursday for robbery with firearms in connection with the robbery of the First State Bank of Richmond, Oct. 12, was released from the Navarro county jail this Sunday night on bond in the sum of \$1,000 on the complaint alleging the accused committed perjury in the testimony offered as a defense witness in the trial of his brother.

Howe was arrested Wednesday along with Jeff Ward, Mrs. C. C. Howe, wife of C. C. Howe, and Louie York, brother-in-law of C. C. Howe. Louie York had previously made bond in a like sum to await the action of the Navarro county grand jury.

The other two, Mrs. Howe and Ward were still in the county jail Monday morning.
